## The Pentagon wants this information to go viral

### THE PENTAGON WANTS THIS INFORMATION TO GO VIRAL

wikipedia states:

**The Burning of Washington in 1814** was an armed conflict during the War of 1812 between the United Kingdom of Great Britain and Ireland and the United States of America.

On August 24, 1814, led by General Robert Ross, a British force occupied Washington, D.C. and set fire to many public buildings following the American defeat at the Battle of Bladensburg.

The facilities of the U.S. government, including the White House and U.S. Capitol, were largely destroyed.[3]

The British commander's orders to burn only public buildings and strict British discipline among its troops are credited with preserving the city's private buildings.

This was the only time since the Revolutionary War that a foreign power captured and occupied the United States capital.[4]

### Background information

Many have already heard of the abnormally large number of arrests and resignations of officials in banking, money funds, investment houses, insurance companies, and governments throughout the world that have taken place since September 2011.

What Americans have not known is that a huge operation is about to take place in the United States. In order to comprehend why we have heard nothing of this event, we must understand that the major newspaper and television media is very tightly controlled by the dark cabal or Illuminati. It is the Illuminati who intend to establish the New World Order by killing off huge segments of the planet's population and enslaving the rest.

These are the persons who will be arrested and removed to a location where they can perpetuate no more harm, and for their protection before being brought to trial

Before you stop reading and refuse to take 3 hours of your time to listen to the audio listed below, you need to consider: Do I want to know what is about to happen? Do I as a parent, minister, news reporter, teacher, or citizen want to remain ignorant of what is ready to take place that will impact every phase of my life and that of my family and community?

Much preparation is and has taken place behind the scenes to prepare for the forthcoming mass arrests of top officials of corporations and government.

As you will hear on the audio, the Pentagon had already drawn up The Plan for such an event by around 1979. The legal preparation is in place. Extremely detailed planning has the goal of disrupting the general public and the activities that make up our lives as little as possible. However there will be a few days—hopefully not weeks—in which services may be disrupted.

During the actual mass arrests, a period of up to 72 hours (3 days) will involve the closing of our borders and the shutting off of satellites. This will be required to prevent escape of those to be arrested.

This is the period for which we need to be prepared. We will be given 24 hours notice in advance.

In order to prepare the American people, the Pentagon recently asked a former Vietnam veteran who has been involved in the legal preparations to go on the radio and internet and explain what is about to happen. This veteran is going by the name of 'Drake'.

The below YouTube is an interview of Drake by David Wilcock, who also has high level insider information.

In the interview, Drake will explain the legal preparation done by average citizens in a majority of the states that allows this event to take place in accordance with our nation's founding documents. This event will remove the major obstacles to a far better life for all Americans and eventually for all on the planet.

You owe it to yourself, your family, and to those to whom you minister to listen carefully to all three hours of valuable information. People who have no idea what has really been going on in America will be shocked and angry to hear all that has been done to them. As many of us as possible can greatly alleviate this shock by letting them know of this event and that the end result will be a much better world for all.

The Pentagon is also asking that all of us help to publicize the information we hear on this audio. Public panic will prolong the procedure and violence of any kind will do the same. We the people need to be in the know and to peacefully assist in any way we can—spreading the word being a major avenue of assistance. The goal is that this event is peaceful, with no violence.

Please send the URL below to all you know and to your local media. Ministers, you have access to large numbers of people. We are speaking of the resurrection of our nation. I beg of you to listen and help prepare your congregations.
